

Khung chương trình ICT – Lớp 5

SYLLABUS FOR INTERNATIONAL CAMBRIDGE PRIMARY – GRADE 5 School year 2021-2022

Subject:	
Grade / Class:	5
Teacher:	
CIE Core textbook:	Click Start Computer Science for Schools
CIE Supplementary texts:	

SYLLABUS

WEEK	PERIOD	BOOK CHAPTER – LESSON CONTENT	PAGE	LESSON AIM	ACTIVITIES	NOTES
Term 1						
1	1	Introduction to the course. Rules and Expectations		Teachers would get to know students and introduce about the course. Students would remind the rules and expectations. Student would sit on the right positions and practice sitting posture of working with computer		Introduction to the course.
	2	Know Your Computer 1	1, 2	- Represent the information processing procedure of the computer - Distinguish the procedure of input, process, output data		

2	3	Know Your Computer 2	2, 3, 4	- Understand and draw an IPO Cycle diagram - Understand the operation of IPO Cycle through examples: performing addition, printing a card, playing games.	Activity page 4	
	4	Know Your Computer 3	5, 6	- Represent the definition of computer networks - Understand the necessity of computer networks		
3	5	Know Your Computer 4	6, 7	- Represent the parts of a computer network - Understand the role of each part in a computer network		
	6	Know Your Computer 5	8, 9	Represent the characteristics of the network models	Activity page 10	
4	7	Know Your Computer 6	10, 11, 12	- Summarize the knowledge of Know Your Computer - Use learned knowledge to complete the Exercise	Glossary Exercise	
	8	Know Your Computer 7	12	Practice Lab work		
5	9	MS Office at a Glance 1	13, 14	- Represent the versions of Microsoft Office - Name the applications in the Microsoft Office group and present the functions of each application		
	10	MS Office at a Glance 2	15, 16	- Point out the locations of parts in Microsoft Office applications on the window - Present the functions of each part		
6	11	MS Office at a Glance 3	17	- Represent the functions of Microsoft Word - Complete Activity	Activity page 17	

	12	MS Office at a Glance 4	18	• Represent the functions of Microsoft Excel • Point out its own characteristics of the interface of Microsoft Excel		
7	13	MS Office at a Glance 5	18, 19, 20	Represent the functions of Microsoft Excel: • Calculation • Manage data • Graph		
	14	MS Office at a Glance 6	21, 22, 23	• Represent the functions of Microsoft PowerPoint • Present the functions of: Slide Layouts; Animations, Transitions		
8	15	MS Office at a Glance 7	23	• Complete Activity	Activity page 23	
	16	Review		• Consolidate the knowledge of Know Your Computer		
9	17	Review		• Consolidate the knowledge of MS Office at a Glance		
	18	Kiểm tra giữa kì				
10	19	MS Office at a Glance 8	24, 25, 26	• Summarize the knowledge of Know Your Computer • Use learned knowledge to complete the Exercise	Glossary Exercise	
	20	MS Office at a Glance 9	26	• Practice Lab Work	Lab Work A, B, C	
11	21	MS Office at a Glance 10	26	• Practice Lab Work	Lab Work D, E	

	22	Creating Tables in MS Word 1	28, 29, 30	- Know the advantages of information presented in a tabular form - Present the structure of the table - Perform operation: inserting tables in Word		
12	23	Creating Tables in MS Word 2	31, 32, 33	- Use Draw Table option - Perform operations: converting from table to text and vice versa - Perform operations: changing size of tables and moving tables	Activity page 33	
	24	Creating Tables in MS Word 3	33, 34	Perform operations: - Moving the cursor in the table - Entering the data into the table - Selecting rows or columns in the table and formatting the text inside		
13	25	Creating Tables in MS Word 4	35, 36, 37, 38	Perform operations: - Adding rows and columns - Deleting rows and columns - Merging rows and columns - Dividing rows and columns - Changing size of rows and columns		
	26	Creating Tables in MS Word 5	39	Complete Activity		The teacher teaches more content in the homework requirements to ensure that students can fully manipulate the learned table.
14	27	Creating Tables in MS Word 6	39, 40, 41	Identify Table headings	Activity page 41	

				Use Table Styles, Borders and Shading to format tables		
	28	Creating Tables in MS Word 7	42, 43	- Summarize the knowledge of Creating Tables in MS Word - Use learned knowledge to complete the Exercise	Glossary Exercise	
15	29	Creating Tables in MS Word 8	44	Practice Lab Work	Lab Work A, B	
	30	Creating Tables in MS Word 9	45	Practice Lab Work	Lab Work C, D, E	
16	31	MS Word – Inserting Objects and Drawing 1	46, 47	Perform operations: inserting and formatting pictures in Word	Activity page 47	
	32	MS Word – Inserting Objects and Drawing 2	47, 48, 49	Perform operations: inserting and formatting Clip Art in Word	Activity page 49	
17	33	Review		Consolidate the knowledge of Creating Tables in MS Word		Teachers build practicing exercises
	34	Review		Consolidate the knowledge of MS Word – Inserting Objects and Drawing		
18	35	Review		General practice: - Creating Tables in MS Word - MS Word – Inserting Objects and Drawing		
	36	1st Term Test				Practice Test
19	37	MS Word – Inserting Objects and Drawing 4	50, 51, 52	- Perform operations: inserting and formatting WordArt - Perform operation: inserting Page Number	Activity page 51, 52	

	38	MS Word – Inserting Objects and Drawing 5	53, 54, 55	Perform operations: inserting and formatting Shapes	Activity A, B page 51, 52	
20	39	MS Word – Inserting Objects and Drawing 6	56, 57, 58	- Summarize the knowledge of MS Word – Inserting Objects and Drawing - Use learned knowledge to complete the Exercise	Glossary Exercise	
	40	MS Word – Inserting Objects and Drawing 7	58, 59	Practice Lab work		
Term II						
21	41	MS PowerPoint – Editing and Formatting Slides 1	60, 61, 62, 63, 64	Represent the functions of MS PowerPoint Perform operations: - Moving, Copying text - Formatting text in a slide	Activity page 64	
	42	MS PowerPoint – Editing and Formatting Slides 2	64, 65, 66	Use: - Text Alight to format the positions of text - Bullets and Numbering to create a list		Teachers build practicing exercises
22	43	MS PowerPoint – Editing and Formatting Slides 3	66, 67, 68, 69	Perform operations: - Customize Slide Theme - Change Slide Background		Teachers build practicing exercises
	44	MS PowerPoint – Editing and Formatting Slides 4	69, 70, 71	Perform operations: - Inserting and formatting pictures in PowerPoint - Inserting and formatting Clip Art in PowerPoint	Activity page 75	Teachers build practicing exercises

23	45	MS PowerPoint – Editing and Formatting Slides 5		Practice MS PowerPoint – Editing and Formatting Slides 1, 2, 3, 4		Teachers build practicing exercises
	46	MS PowerPoint – Editing and Formatting Slides 6	72, 73	Perform operations: Inserting and formatting SmartArt		Teachers build practicing exercises
24	47	MS PowerPoint – Editing and Formatting Slides 7	73, 74	Perform operations: Inserting and formatting Sound and Movie files		Teachers build practicing exercises
	48	MS PowerPoint – Editing and Formatting Slides 8	75, 76, 77, 78, 79	- Present the characteristics of the presentation view: Normal, Slide Sorter - Create Transition for slide - Customize Slide Show	Activity page 79	
25	49	MS PowerPoint – Editing and Formatting Slides 9		Practice MS PowerPoint – Editing and Formatting Slides 6, 7, 8		Teachers build practicing exercises
	50	MS PowerPoint – Editing and Formatting Slides 10	80, 81, 82	- Summarize the knowledge of MS PowerPoint – Editing and Formatting Slides - Use learned knowledge to complete the Exercise	Glossary Exercise	
26	51	MS PowerPoint – Editing and Formatting Slides 10	82	Practice Lab Work A		
	52	MS PowerPoint – Editing and Formatting Slides 10	82	Practice Lab Work B		
27	53	MS PowerPoint – Editing and Formatting Slides 10	82	Practice Lab Work C		

	54	Review		General practice of MS PowerPoint – Editing and Formatting Slides		Teachers build a general practicing exercises
28	55	Review				
	56	2nd Mid-Term Test				Powerpoint Practicing Test
29	57	Introduction to MS Excel 1	84, 85	Represent the functions of Excel: - Calculate - Manage data - Graph		
	58	Introduction to MS Excel 2	86, 87, 88, 89	Start Excel Know the key terms in Excel		
30	59	Introduction to MS Excel 3	89, 90	Perform operations: - Inserting text/numbers - Inserting formula	Activity page 91	
	60	Introduction to MS Excel 4	91, 92, 93, 94	Perform operations: - Formating the position of text in a cell - Saving a file in Excel - Opening and creating a new one, exit a file in Excel - Printing modes	Activity page 95	
31	61	Introduction to MS Excel 5	95, 96, 97	- Summarize the knowledge of Introduction to MS Excel - Use learned knowledge to complete the Exercise	Glossary Exercise	
	62	Introduction to MS Excel 6	98	Practice Lab work		

32	63	Exploring MS Excel 1	99, 100, 101, 102, 103, 104	Perform operations: • Inserting rows and columns, cells • Adding a new Worksheet • Changing size of a rows and columns		Teachers build practicing exercises
	64	Exploring MS Excel 2	104, 105, 106, 107	Perform operations: • Deleting rows and columns, cells • Formating the position of text in a cell	Activity page 108	
33	65	Exploring MS Excel 3	108, 109	• Use Auto fill options • Perform operations: cutting, copying, pasting text in Excel	Activity page 110	
	66	Exploring MS Excel 4	110, 111, 112	• Summarize the knowledge of Introduction to MS Excel • Use learned knowledge to complete the Exercise	Glossary Exercise	
34	67	Exploring MS Excel 5	112	• Practice Lab work		
	68	The Internet 1	113, 114	• Present the history of the birth and development of the Internet		
35	69	The Internet 2	114, 115	Name and feature some of the applications that the internet provides: • Email • Information • Services • Buy or sell products		
	70	The Internet 3	116, 117	Name and feature some of the applications that the internet provides:	Activity page 117	

				• Communities • Online chat • Downloading data • Uploading data • Online Backup		
36	71	The Internet 4	117, 118	Represent some terms used in the Internet: • Internet service providers (ISP) • Modem • Protocols • WWW • Search engines		
	72	The Internet 5	118, 119	• Represent some terms used in the Internet: • Web browser, home page, url, web page, website, • Hyperlinks, HTTP		
37	73	The Internet 6	122, 123, 124, 125	• Use a web browser to look up information • Understand about computer viruses: Definitions, spreading ways, and prevention methods		
	74	Review		• Consolidate the knowledge of Exploring MS Excel		
38	75	Review		• Consolidate the knowledge of The Internet		
	76	2nd Term Test				
39	77	Learning Algorithms 1	130, 131,	• Present the concept of algorithm	Activity page 134	

			132, 133	Know the meanings of the shapes used to plot the algorithm		
	78	Learning Algorithms 2	134, 135	- Understand Decoding Concept - Use decoding to describe the algorithm	Activity page 135	
40	79	Learning Algorithms 3	135, 136	Know 3 basic structures used to describe algorithms: - Sequential structure - Conditional structure - Repeating structure		
	80	Learning Algorithms 4	139, 140, 141	- Summarize the knowledge of Introduction to MS Learning Algorithms - Use learned knowledge to complete the Exercise	Glossary Exercise
